Viewing the situation as a whole there is little inducement to encourage optimism in the immediate course of prices.

Steel common was under pressure, closing with a loss of one point for the day. Rumors of labor troubles abound, not withstanding the recent increases in wages, with every indication that orders show some falling off.

Union Pacific closed unchanged after fluctuating two points. No details were forthcoming regarding the Southern Pacific dissolution, although it is felt there will be a larger supply of Southern Pacific for trading purposes. That some selling has occurred in anticipation of allothents is indicated by the drop in the price to 106. The shares closed fairly steady at a loss of 2.

American Can is suffering severely from too much good news. Almost anyone can tell you that the stock is to be placed on a 4 or 5 per cent dividend basis this week. Without questioning the correctness of this prophecy, the insiders who anticipated their dividend action find a receding market in which to cash their profits.

Reading showed strength, which may be attributed to reports of earnings for the first hair of the fiscal year. As the shares of this company have been closely manipulated the activity need not be taken seriously.

Time money was quotably firmer, but offerings were small. Another million dollars in gold was withdrawn for export late on Saturday and the Paris demand was apparently as strong today as it was last week. last week.

The stock market closed ragged with little sign of any immediate paprovement.

Another meeting probably will be held Thursday of this week, at which the matter will be settled.

The suit filed yesterday was brought by the Salt Lake Transfer company to recover for services rendered the Wright-Osborn company.

### WIFE OBJECTS TO HUSBAND'S STORIES

Her husband's predilection for stories of the unwashed sort and his taste for literature not the best, is made the ground for a divorce suit filed in the district court yesterday by Ruth Haring against Clyde E. Haring. Haring has a habit, she avers, of coming home with a collection of vulgar jokes and forcing her to listen to them. Also he insists upon reading literature of the same sort to her, she charges.

Grace Olsen, who also has filed suit for divorce from Theodore Olsen, charges that he has been guilty of extreme cruelty in that he will not allow her to visit her. Extreme Jealousy on his part makes life unbearable, according to the complaint, such Jealousy and distrust extending even to the grocer's boy and the huckster who comes to the house to sell vegetables.

"My brother then recommended Eckman's Alterative to me very highly. At first I would not consent to use it owing to the fact that I had taken so many medicines without being heiped in any way, but finally I consented. It is now nearly two years since I first took it.
